HONDO, MEDINA COUNTY, TEXAS, SATURDAY, MAY 31, 1913.

VOL. 27. No. 43

## Yancey News.

Days are getting quite warm, especially in the sandy country. However, have been pleasant. Farmers are very busy doing weeds, as weeds and other vegetation are growing rapidly since rains.

Yancey was blessed with several showers, all creeks were running higher than they had been for several weeks. With the present season in the hands of the farmers are hopeful of a good crop. Corn is silking and tasseling everywhere, cotton is putting bolls and in some fields it is beginning to open.

Liles had a mess of roasting for supper one day this week, the first of the season.

Williams is at home on his farm. Guthrie attended school at Yancey.

J. D. McCaughan left yesterday for her home in Gonzales County. McCaughan has been visiting her mother and Tom, here for several days.

Wiemers of Hondo is engaged to be married to T. A. Duderstadt of Yancey.

Wilson, Newton, McCaughan and Childress were in Yancey on Wednesday; also Gladden.

Kueck and H. N. Burgin were in Hondo Wednesday.

Little son of Mr. J. W. McCaughan who has been very sick, is improving nicely at present.

W. Ward was a Hondo business on Wednesday.

N. Saathoff and family spent day with H. N. Burgin.

## Married.

Eric Rothe and Miss Antoinette, two popular young people of Yancey, were happily married at St. Anne's Church in that city Wednesday morning. They left on the morning train for a six week's bridal tour of the Rocky mountain and Pacific Coast states, during which time they will visit Yellow Stone Park and other points of interest.

The Anvil Herald joins in congratulations and best wishes to the happy couple.

## Cotton Seed Wanted.

For further notice I will pay at the rate of \$16.00 a ton for cotton seed in quantity delivered at my gin in Yancey. Don't delay, but see me at Yancey for business.

## Farmers' Union Picnic.

The local Farmers' Union of this place decided last Saturday to have a public basket picnic in one of the groves near town on the tenth of June next, for the purpose of providing recreation and entertainment for old and young. The main feature of the day, however, will be a speech at about 1:30 p. m. by Peter Radford, president of the State Farmers Union of Texas. An arrangements committee consisting of L. E. Heath, J. E. Callahan and A. Pichot will secure a grove and arrange all the details for the occasion and a program committee of three will arrange the program and secure speakers for the occasion. The program will be published next week. An effort will also be made to induce the business men to close up for a few hours so everybody can go and listen to the speaking. It is thought that Mr. Radford's speech will show that the Union does not antagonize any legitimate business but is rather anxious to co-operate with them where ever possible. Everybody come. All are cordially invited.

## For Sale.

Baled cane and Johnson grass mixed. Ring telephone 18-11 for prompt delivery.

## New Fountain Notes.

New Fountain was well represented at the Dunlay race track Saturday and at the entertainment and dance at night.

Misses Ruby Langford and Etta Lippold were tendered a pleasant surprise party at the home of Mr. and Mrs. F. D. Neumann last Wednesday night. A big crowd was present and the evening was spent in playing games. Coffee and delicious cake were also served.

Mrs. Katie Leinweber and daughter, Miss Hulda, of the Upper Hondo were here last week on a visit to relatives and friends.

Ehmer Saathoff fell from the roof of his house one day last week and sprained his ankle. The mishap compelled him to remain in bed for some time.

Mr. and Mrs. E. H. Schmidt of Quilhi were here Sunday on a visit to D. J. Lindeburg and family.

Louis Schlenz shipped a car of fat steers to Ft. Worth Saturday. He accompanied the shipment and returned yesterday.

Otto Schmidt and Eddie Haby are back from California where they had gone to seek employment but found "nichts". Mr. Schmidt says that while he did not find employment he is well pleased with the trip. They returned over the Union Pacific and saw some beautiful scenery along that route.

Joe Decker is having his residence remodeled. Louis Metzger, A. P. Jones and Will Miller are doing the work.

Will Chipman of Bandera came by to see Miss Ruby Langford while enroute home from Hondo Saturday.

The New Fountain school closes Friday, May 30th, after a successful term. The teachers, Misses Ruby Langford and Etta Lippold, were re-elected to teach next year.

Mesdames Pete Bless and W. H. Schweers are here from San Antonio on a visit to relatives.

Bessie, a daughter of Mr. and Mrs. John Hartmann, is reported very sick with appendicitis.

Mrs. John Moehring of the Lower Hondo was here today on a visit to relatives.

August and Charles Stiegler are busy running their binder and a large acreage of oats has already been put into sheafs by their machine. The oat crop, however, is short owing to the lateness of rain.

May 28, 1913.

## Bader Settlement Briefs.

A good rain fell here Tuesday morning and evening, amounting in all to 3½ inches. It was accompanied by some hail, but we are glad to say that the hail did not do any damage to the crops.

Those from here who took in the Horse races, Entertainment, Box supper and Dance at Dunlay Saturday May 24th were as follows: Jos. A. Riff and family, Wm. Reitzer and family, John Hutzler and family, Dom Schott and family, Louis Moehring and family, Ed. Hutzler and wife, Alfred Hutzler and wife and Mrs. Lena Burger, Misses Rosa Riff, Maggie Reitzer, Hulda Schulte, Louisa Schott and Selma and Alma Hutzler, Messrs. Ed. Riff, Louis Mehr, Anton and George Burger, Frank, Alfred and Edwin Schulte, Adolph, Otto and Julius Hutzler, Paul Schott, Louis Burger and Louis Hutzler. All reported having a grand time.

Misses Helen and Josie Mehr paid a visit to their sister, Mrs. Ben Haby, at the lower Dunlay the first of the week.

Adolph Hutzler of Spindletop is here visiting relatives for a few weeks.

Ad. Biediger and daughter, Miss Hulda and Mrs. Nie Hutzler were visitors in San Antonio Friday and Saturday.

Misses Selma and Alma Hutzler were visiting Ed. Haby and family at the lower Dunlay Sunday.

Ad. Biediger and family visited Jos. A. Riff and family Sunday night.

Mrs. Jos. A. Riff and son, Ed, and daughter, Emma, were shopping in Castroville one day last week.

Mrs. Ad. Biediger was in Castroville shopping yesterday.

## LARGEST BUILDERS OF 6-CYLINDER CARS IN THE WORLD TODAY

You, as a motor car buyer, owe it to yourself, your family and your business to know thoroughly the car you buy.

The average motor car buyer has probably never in his whole life given thought or study to the actual process of construction of motor vehicles.

If he did he would ask for more searching information as to the merits of the various units which make up a car.

He would ask more carefully concerning the company who builds those units; and he would demand definite reasons for the claims of superiority.

The high Hudson standard began with the building of the first Hudson car.

It began then because the first Hudson car carried in its specifications certain high standards that were recognized the world over for their proven merits.

Hudson supremacy was assured because of the Hudson organization and the care and exactness used by that organization in the selection of vital specifications.

Any organization obtains its highest degree of accuracy only when the concentrated effort of each man and mind is directed upon one issue.

The Hudson builders have turned their continuous effort to the assembling into a harmonious whole the highest standards of motor car manufacture.

Because honest worth has forced the adoption of such products as Timken axles and Timken bearings, Warner transmissions and Warner cut gears, Continental motors, Delco ignition and starting system and Delco electric lights, Fisk tires, etc., is only another example of that business law which rewards the fit against the unfit.

But you say, "how about the claims of those motor car manufacturers who state they build their product in its entirety?"

We answer that question by asking you one that your business sense will answer.

Can any one organization reach the top-most degree of efficiency in the manufacture of every part of a car—of motors, bearings,

axles, batteries, gears, etc.?

You will answer—"Decidedly not."

And you will base your judgment upon the general knowledge that if such were possible the mammoth organizations contributing to the superiority of the Hudson car would necessarily cease business.

And right there you have struck the keynote of the automobile industry.

The fact that such companies building these parts WELL do exist—and successfully—is conclusive proof that there is a specified place for these master builders of automobile parts.

It is common information that these enormous factories, whose yearly business necessitates a combined capital of millions of dollars, are devoting the majority of their efforts to the production of those very units which, to a large measure, have been responsible for Hudson worth.

It is not surprising when you consider that in the highest quality cars, only the highest quality specifications can be conscientiously used.

The chief difference between Hudson cars and others of the more unsightly and unsafe construction is that the Hudson is created for the future—not rebuilt from the past.

The Hudson people did not have to pattern their car after any so-called old manufacture.

They created and included in the Hudson those very essentials for safety, service, simplicity, comfort and convenience that they knew the motor car buyer would soon demand.

Consider any one of the later models of competition and you will find some one or two Hudson characteristics.

To completely copy the Hudson standard, thousands and thousands of jigs and dies and machines must be thrown into the dust bin.

"Old manufacture" must be discarded as though it had never existed, and until then the worth of all motor cars will be measured by close comparison with the Hudson car.

Buy a Hudson and own the best car built. There is nothing better built at any price.

### TILL EVENING'S HOUR.

THOU shalt not praise the day till  
night is falling.  
However fair its dawn and noon  
may be.  
Often at eventide come storms  
appalling.  
Setting the lightning and the thunder  
free.

Thou shalt not blame the day till it  
is ending.  
Though it has brought thee flood and  
hurricane.  
Full oft at nightfall comes deep peace  
descending.  
In sunset gold and roses, glorious gain.  
Praise each fair morn that calls thee up  
from sleeping.  
And through the hot day work with all  
thy might.  
Then leave the evening hour in heaven's  
keeping.  
Which sent both winter cloud and sum-  
mer light.  
—From the German of Geroke.

DROPPING casual remarks is  
sometimes a sure way of break-  
ing ones peace of mind!

THE fine rains of last week  
came at an opportune time for  
the crops and prospects are fine  
for an abundant yield of corn  
if it will rain again in time.

PREPARATIONS are on foot for  
an old fashioned Fourth of July  
celebration in Hondo. Let's  
drop our selfish interests for one  
day and make that event one to  
be remembered.

ONE week from next Monday  
Hondo's Summer Normal be-  
gins. Let's put on our best bib  
and tucker and be prepared to  
give the teachers a cordial wel-  
come to our splendid little city.

The Hondo Anvil-Herald of  
last week gives a front page pic-  
ture of one of Lytle's most tal-  
ented young ladies: Miss Mary  
Reno Neal, who will be one of  
the teachers in the Hondo Sum-  
mer Normal, which is to hold  
sessions from June 9th to 27th.  
All the other teachers are men.  
—Lytle Herald.

AFTER all the noise Joe Boeh-  
mer, Austin Callan, Fletcher  
Davis and several more West  
Texas editors made about their  
intended trip to the Texas Press  
Association at San Antonio last  
week, they were not in evidence  
on that important occasion. We  
look for their excuses this week.  
—Uvalde Leader-News. We  
are too busy to offer excuses.  
But without the aforesaid and  
the same trio above mentioned to  
lead the van and cover up his  
flanks, we would like to rise to  
an inquiry as to what Bro. Get-  
zenander did when the press  
gang charged the San Antonio  
breweries? Did he take back  
water?

THE Hondo Anvil Herald came  
out last week with a strong pull  
in favor of the Summer Normal  
to be held in that city from June  
9th to July 31st. Besides pre-  
senting some very nice portraits  
of the faculty, among whom we  
notice that of Prof. T. C. Hick-  
man, who is to be conductor,  
and who at one time was Super-  
intendent of the Del Rio High  
School, there are illustrations of  
the Hondo High School and  
other buildings, and a good de-  
scription of the advantages and  
comforts to be enjoyed by the  
attendants at the Hondo Sum-  
mer Normal. Teachers who in-  
tend to go to a Normal this  
summer would do well to consid-  
er Hondo's claims.—West Tex-  
as (Del Rio) News.

### Medina Cases in July

Early in July the Federal Court will  
begin a hearing of the condemnation  
proceedings brought by the Medina  
Valley Irrigation Company against  
several of the land owners in Medina  
and Bandera Counties. Approximate-  
ly 5,500 acres are involved, and the  
irrigation company wants the land for  
irrigation purposes.

Values of the lands were recently fixed  
by two boards of commissioners and  
the owners are appealing from these.  
Judge Maxey fixed July 7 as the date  
for the hearing of the cases, and a  
special venire of juryman will be  
drawn.—Express, May 20th.

High ideals are fine things to have,  
but not inaccessible ones.

### A WOMAN'S WORK

sometimes reduces her strength to the  
depths of weakness—her devotion to  
household cares prevents sufficient  
rest and recreation. Thousands of  
women in this condition find Scott's  
Emulsion exactly what they need; it  
is predigested body-food so medically  
perfected that every drop yields direct  
returns in strengthening the organs  
and tissues and in making healthy,  
life-sustaining blood. Scott's Emulsion  
is devoid of alcohol or any harmful  
drugs, and overcomes tiredness and  
nervousness in a marvelous way.

### Commissioners Court.

Commissioners Court sat last week  
as a board of Equalization.

A number of assessments were raised  
on lands, stock, etc., from \$100 to  
\$3000.

The D'Hanis Brick & Tile Co. was  
raised \$8,100; the S. W. Tel. Co.,  
\$1,000; the Western Union Tel. Co.,  
\$1,000; and The Medina Valley Irriga-  
tion Co., \$576,000.00 on dams and can-  
als.

There were a few reductions.  
The court will meet June 3rd to hear  
reasons why said raises should not be  
made final.

Other matters were transacted as  
follows:

It was ordered that a road connect-  
ing the Quibi—Hondo road with the  
Hondo—Dunlay road, beginning at  
Elstone lane, thence north and across  
Hondo creek near New Fountain, be  
opened. Damages were allowed as  
follows: John Muennink \$250; L. A.  
Heyen \$70; Henry Poehler \$20 per  
acre for land and fence extra; and  
Mrs. Geo. Muennink, F. Helmke and  
Henry Stiegler as agreed upon. The  
road will be opened in November 1913.  
The G. H. & S. A. R. R. Co. was re-  
quested to provide necessary road  
crossing.

The G. H. & S. A. R. R. Co. was  
notified to repair and fix better ap-  
proaches to road crossings on the New  
Fountain and Quibi Switch road and on  
the Castroville-Frio City road.

Sarah Hardt was allowed four dol-  
lars per month for support, Geo. W.  
Brown to supervise the same.  
Court adjourned Saturday.

### Most Prompt and Effectual Cure for Bad Colds.

When you have a bad cold you want  
a remedy that will not only give relief,  
but effect a prompt and permanent  
cure, a remedy that is pleasant to take,  
a remedy that contains nothing injuri-  
ous. Chamberlain's Cough Remedy  
meets all these requirements. It acts  
on nature's plan, relieves the lungs,  
aids expectoration, opens the secre-  
tions and restores the system to a  
healthy condition. This remedy has a  
world wide sale and use, and can al-  
ways be depended upon. Sold by W.  
H. Windrow.

### John Eckhart Dies.

John Eckhart, one of South West  
Texas best known Stockmen and Far-  
mers, died suddenly at Bandera Wed-  
nesday night at 9:30 o'clock, May 14th,  
at his home seven miles south of Ban-  
dera, Heart Failure being the cause.  
He was born in Medina County, Aug.  
18, 1860, and in later years he moved  
to Bandera County where he was  
married to Miss Emma Kelley, and  
located on his ranch where he lived up  
to the time of his death. He was  
noted as a stockman and one of the  
best Scientific Farmers Texas ever  
owned. He was a great promoter of  
the Angora Goat industry, and owned  
one of the best herds in the State.  
He was a member of the Texas Sheep  
and Goat Raisers Association in which  
he took an active part to build up the  
industry. He believed in carrying  
everything to its highest standard.  
He was known for his honesty and  
wide reputation. His death was a  
shock to all who knew him. The body  
was interred in the Bandera Cemetery  
by Camp No 1094 Woodmen of the  
World of which he was a member. He  
is survived by his widow, three sons  
and two daughters. Leroy, who is a  
Mounted Police Officer in San Antonio;  
Raymond J., an engineer for the  
Pinch Compressing Company of New  
York; Harley, Ole and Leah of this  
place, and a great circle of relatives  
and friends to mourn his loss.

A FRIEND.

Armin Rothe, a young stockman of  
Medina County, living in the D'Hanis  
neighborhood, returned from Fort  
Worth last week where he went with  
a bunch of aged range steers which he  
sold on that market at \$6.80 per hun-  
dred. They averaged 997 pounds.  
He said that his country was in fairly  
good shape now, as a two inch rain  
fell over his section some days ago.  
Crops of all kinds are looking well,  
but of course more rain will be needed  
soon. He said that the range in Me-  
dina county is now almost entirely de-  
voted to cattle growing where years  
ago numerous flocks of sheep were  
run. There is not so much uncertainty  
in cattle raising, said he, owing to  
constant tariff agitation relative to the  
wool industry.—The Texas Stockman  
and Farmer.

The great calamity in Omaha was  
quickly overshadowed by the terribly  
disastrous floods in Ohio. Great suf-  
fering and sickness from colds and ex-  
posure resulted which Foley's Honey  
and Tar Compound helped to alleviate.  
L. Poole, 2217 California St., Omaha,  
writes: "My daughter had a severe  
cough and cold but Foley's Honey and  
Tar Compound knocked it out in no  
time. My wife would not keep house  
without it. We have used it for years,  
always with good results." W. H.  
Windrow.

New uses for old ideas is many a  
man's secret of success.

### Earnest-Merriman.

A romantic wedding occurred in San  
Antonio early Wednesday morning  
making Miss Ida Earnest and Mr. J.  
F. Merriman of Cotulla man and wife.  
The young people having successfully  
eluded the knowledge of any one;  
slipped away at the romantic hour of  
midnight, boarded the North bound  
"Boll Weevil" and were united in  
marriage in San Antonio early the  
morning of the 21st of May. Miss  
Earnest is the eldest daughter of  
Judge and Mrs. F. B. Earnest of  
Cotulla, and has spent most of her  
young life among Cotulla people, who  
love her and admire her for her special  
qualities in the domestic sciences.  
Mr. Merriman is the son of J. F.  
Merriman of Hondo, he has lived in  
Cotulla 2 years, in the employ of Mr.  
N. C. Windrow as jeweler. Mr.  
Merriman has many friends who know  
him as a young man of sterling worth  
and as a capable young business man.  
The parents of the bride and the  
many friends of both, will welcome  
the young couple home, with con-  
gratulations and hearty good wishes for a  
bright and prosperous future.—Cotulla  
Record.

**DR. PIERCE'S Golden Medical Discovery**

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous action, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood. Nourishing the cry of starved nerves for food. For forty years "Golden Medical Discovery" in liquid form has given great satisfaction as a tonic and blood maker.

Now it can be obtained in tablet form—from dealers in medicine or send 50 one-cent stamps for trial box. Write R. V. Pierce, Buffalo.

Alex Tondre and Louis Fuos were San Antonio business visitors last Monday. They were accompanied home by H. W. Fuos.

Dr. P. C. Richardson, the San Antonio Dentist, arrived in our midst Monday on professional business.

Chas. de Montel came down from his ranch Monday on a visit to kin-folks and friends.

A 1 1/2 inch rain fell here Tuesday morning and another light one in the evening, followed by another Thursday morning. The precipitation up along the river was heavier amounting to from 2 to 4 inches.

During Tuesday evening's electrical display, the rod on Col. J. B. Wernett's residence was struck by lightning but no damage resulted.

The old Medina River came down on a little boom Tuesday morning much to the delight of our denizens whose wells had begun to fail. Although the rain was not general over this entire section it will prove of unlimited benefit to crops and pasturage.

Justice Court was grinding all day Tuesday. County Atty. R. J. Noonan and Judge Blocker were present.

The Grand Basket picnic given by Fernando Lodge No. 71 O. D. H. S. on its twentieth anniversary Wednesday at Wernette's Garden was well attended despite the inclement weather. The members met at their Hall and formed in procession and under sweet strains of music, furnished by the Castroville Band marched to the corner of La Fayette Street, thence to Main Street and thence to the Garden.

**This Interests Every Woman.**

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better, purer medicine for backache, weary dragged out feeling, aching joints, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. W. H. Windrow.

The world judges us by the mistakes we make. Let us hope that heaven takes into account the ones we do not make.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley Kidney Pills as a very effective cure for kidney and bladder trouble." W. H. Windrow.

It is good to be just; it is better to be generous; it is best to temper each with the other.

**Eyes Sunken With Pain.**

Three years ago I had a very bad spell of neuralgia which caused my eyes to become sunken and bloodshot with pain. Hunt's Lightning Oil was recommended and after using, the pain left and has not returned, says A. M. Coffey, 316 Van Buren street, Letchfield, Ill. This wonderful medicine is sold by all druggists everywhere.

**Ballard's SNOW LINIMENT**

Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleansed and the liniment applied promptly, the healing process begins at once and the wound heals from the inside outwardly, thus performing a perfect cure that leaves no scar. If the wound heals on the outside too quickly, pus forms under the surface and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of blooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh, as it does its work quickly and thoroughly.

Price 25c, 50c and \$1.00. James F. Ballard, Prop., St. Louis, Mo.

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Copyright, 1913, by Panama-Pacific International Exposition.

**DESIGN of the Motor Building at the Panama-Pacific International Exposition.**

This structure will be one of the largest of the exposition palaces, approximately 275 feet front by 800 feet deep, covering about 210,000 square feet, or more than five acres. The dome, which surmounts the center of the front portion of the building, is 130 feet high and surmounted with a turret composed of the prows of modern motor boats, each carrying a searchlight. This point will be used by Mr. Ryan, the chief of illumination of the exposition, for the purpose of lighting up the grounds and adjacent buildings. Other groups at the base of the building will convey, allegorically, the uses of electricity, gas and other mechanical devices which compose the motor. Its modernity is in harmony with the nature of the exhibits which it will house, and its triumphal character is emblematic of that triumph of modern transportation, the automobile. The groups of statuary surmounting the attic will be allegorically carried out to typify the triumph of the motor over the elements. The main group in front will be a sort of quadriga of automobiles typifying the conquest over the land. On the sides will be allegories of the motor boat and the aeroplane, respectively, typifying the victory over the sea and air. On either side of the entire length of the building there will be a frieze 10 feet high in bas relief, giving the history of transportation from the early log cart up to the most modern development of the automobile.

**QUININE AND IRON—THE MOST EFFECTUAL GENERAL TONIC**

Grove's Tasteless Chill Tonic Combines both in Tasteless form. The Quinine drives out Malaria and the Iron builds up the System. For Adults and Children.

**RELIEVES PAIN AND HEALS AT THE SAME TIME**

The Wonderful, Old Reliable Dr. Porter's Antiseptic Healing Oil. An Antiseptic Surgical Dressing discovered by an Old R. R. Surgeon. Prevents Blood Poisoning.

You know what you are taking when you take GROVE'S TASTELESS CHILL TONIC, recognized for 30 years throughout the South as the standard Malaria, Chill and Fever Remedy and General Strengthening Tonic. It is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth but do dissolve readily in the acids of the stomach. Guaranteed by your Druggist. We mean it—50c.

Thousands of families know it already, and a trial will convince you that DR. PORTER'S ANTISEPTIC HEALING OIL is the most wonderful remedy ever discovered for Wounds, Burns, Old Sores, Ulcers, Carbuncles, Granulated Eye Lids, Sore Throat, Skin or Scalp Diseases and all wounds and external diseases whether slight or serious. Continually people are finding new uses for this famous old remedy. Guaranteed by your Druggist. We mean it—25c, 50c, \$1.00.

**Studebaker**

**"That's the sixth Studebaker we've passed—the only kind to invest in"**

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the best in it. That's why a man gets the most out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."

A special election was held here Tuesday to determine whether or not an additional maintenance tax of 10 cents shall be levied on the \$190 property valuation in Hondo. Very little interest was taken in the election and only 104 votes were polled, 70 for the tax to 34 against it. This makes a total maintenance tax of 25c, and with it it is hoped the Board can employ a sufficient corp of teachers and maintain a nine or ten months term.

Prof. T. C. Hickman arrived Thursday from Pearsall and is busy with the preliminary arrangements for the Summer Normal which opens here June 9th for a two months session, and of which he will be the Conductor. Prof. Hickman says the prospects for a large attendance and a successful Normal are very encouraging.

San Antonio Light, March 19th, in reporting the 700 mile endurance test to Dallas and return, out of eleven entries, five autos finished, mentions that the non-contesting OAKLAND press car, carrying the press representatives, with the pilot car and winners finished without any mechanical trouble at any stage of the trip. H. E. Haass, agent, Hondo, Texas.

The Vandeville show at the Auditorium Friday night was not very largely attended but those who were fortunate enough to be present enjoyed many hearty laughs "all night long". Every thing went well until Hayes Cohen lost his nose, and, there being no doctor in the audience, the comedians were forced to "limp" through the rest of their lines! The Hondo Orchestra did valiant service, an effort to soothe the agony incident.

## BOB TAYLOR LIVES

in the two bright and beautiful books just issued, "Lectures and Best Literary Productions", and "Life and Career" of Senator Robert Love Taylor, handsomely illustrated.

You cannot hear again his voice, or see the humorous curl of his lips, that convulsed a continent with laughter, but, within the covers of these volumes, are the pictures woven of his wondrous words, and, laughing through their sunny pages, are all of the inimitable stories which he told to the multitudes. In "Life and Career", pens of genius have traced his romantic life from its morning in "Happy Valley", through his young and roseate dreams—through stress and storm—through cheering throngs, and on into the waiting shadows, loved and laurel crowned.

We expect to sell millions of these books. First edition going fast.

## Young Women

Read what Cardui did for Miss Myria Engler, of Fairbault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

## TAKE CARDUI The Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

A child can't get strong and robust while intestinal worms eat away its vitality. To give the child a chance to grow these parasites must be destroyed and expelled. White's Cream Vermifuge is guaranteed to remove the worms; it also puts the vital organs in healthy, vigorous condition. Price 25c per bottle. Sold by W. H. Windrow.

### After Close Of School.

What shall I do with son and daughter after close of school? This question confronts many parents at this season of the year. We all concede that it is better to keep young people busy. Many times they are not qualified to be really useful in store and office, and they are usually not old and strong enough to do a man's work on the farm. It is then largely a matter of choosing between sending them to a summer school or letting them loiter about town. Surely this is the time to consider a business education of Bookkeeping, Banking, Shorthand and Typewriting.

The cost is small—around \$50 for a single course of Bookkeeping and Banking or Shorthand and Typewriting, and around \$85 for the two courses combined.

The San Antonio Business College, 307 Alamo Plaza, San Antonio, Texas, makes a specialty of these branches as well as Commercial Law, Business, Arithmetic, spelling, Penmanship, Rapid Calculation, etc. Last year one Banker sent his own son to this college through summer vacation, and paid the way of three other ambitious students. The President of the college, Mr. H. C. Mitchell, will send catalogue and full particulars concerning the school upon request. 5t

### For the Weak and Nervous.

Tired-out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rhinevault, of Vestal Centre, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by W. H. Windrow.

Be sure that what you call your "principles" are not merely hidebound prejudices.

### Wonderful Skin Salve.

Bucklen's Arnica Salve is known everywhere as the best remedy made for all diseases of the skin, and also for burns, bruises and boils. Reduces inflammation and is soothing and healing. J. T. Sossaman, publisher of News, of Cornelius, N. C., writes that one box helped his serious skin ailment after other remedies failed. Only 25c. Recommended by W. H. Windrow.

If you have nothing to say, say it.

### Calomel is Bad.

But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields, biliousness goes. A trial convinces. In Yellow Tin Boxes Only. Tried once used always.

### HOW AN INDIANA GIRL

Got Strong and Well Again at Small Cost.

Miss Alta Abel, of West Baden, Ind., says: "I was a complete wreck, always tired, wornout and nervous. I had to spend about one-third of my time in bed and my life was not worth living. Vinol, your delicious cod liver and iron tonic, was recommended, and it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person."

Vinol is the most efficient strength-giver for such women. It is the medicinal elements of the cod's liver contained in Vinol, aided by the blood-making and strengthening properties of tonic iron, which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste.

We give back your money if Vinol does not do all that we claim. W. H. Windrow, druggist, Hondo.

### Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the feeling at once; strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale by W. H. Windrow.

Even after you make a weighty and careful decision it takes a good while to find out whether you have good judgement or are a mighty poor guesser.

### Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by W. H. Windrow.

His Satanic majesty probably knew what he was doing when he invented politics.

Stiff neck is not only painful but annoying. To get rid of it quickly rub the affected part with Ballard's Snow Liniment. It penetrates the flesh and relaxes the muscles so that the pain ceases immediately. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

When you are in trouble the world generates a lot of curiosity.

LaCoste, Texas, May 28th, 1913.

For cholera morbus, cholera infantum, diarrhoea from colds, and wind colic, McGee's Baby Elixer is a remedy of extraordinary power, it relieves the pains instantly, checks diarrhoea and settles the disordered stomach. Price 25c and 50c per bottle. Sold by W. H. Windrow.

Young man, if you want to know that kind of a housekeeper that girl going to be, just happen around and see stock of her mother's kitchen. More than likely hers will be a good deal like it.—Southern Agriculturist.

**Cure for Stomach Disorders.**

Disorders of the stomach may be cured by the use of Chamberlain's Tablets. Many very remarkable cures have been effected by these tablets. Sold by W. H. Windrow.

Truth is the best Argument.

### Clean-Up Notice.

We, the undersigned, appointed as a board of health for the town of Hondo by the Commissioners' Court of Medina county, do set apart and proclaim Tuesday, June 3, 1913, as a general clean-up day for the town of Hondo, Texas, and respectfully request all resident citizens to see that their premises, that is the place they occupy, as a home or place of business, be thoroughly cleaned by removal of all trash from the yards and lots.

The summer season is coming on, and by these precautions we destroy so much of the miasma that impregnates the atmosphere and the disease germs that naturally infest all decaying vegetable matter or any refuse that may have accumulated.

Let's use the ounce of prevention so that the pound of cure will not be necessary. We have arranged for wagons to haul to the dumping ground all refuse that cannot be burned, and respectfully ask that you have all such boxes or barrels at a place of easy access of the wagon.

Hondo is due a general cleaning up, and let's get together and see how nice we can make it look.

Don't forget the day—June 3, 1913—and don't forget to swat the fly.

Respectfully,  
JOE NEY,  
W. H. SMITH,  
H. J. MEYER,  
Board of Health.

### Lover's Unique Devotion.

An unusual manner in which a lover's devotion was shown occurred at Zurich, Switzerland, recently. A cobbler, whose sweetheart died, apprenticed himself to a stone-cutter in order to execute a fitting tribute to her memory, and after fourteen months he was able to carve a beautiful rose on a marble slab and write beneath: "Such was She." After it had been erected over her grave he returned to his first trade, and now repairs shoes as before.

### Effect of Weather.

The effect of the weather upon crystallization is certain. When it is dry the crystals are large and well defined, when it rains or there is a damp wind the salt crystallizes in fine grains; or again, rain will stop the crystallization entirely or retard it for many days. Even after crystallization has taken place in lumps as large as hazelnuts a damp wind or a rain will reduce the whole mass to a fine granular state.

## Promoted to the High School

By OLIVE EDNA MAY

Huntley had gone through the summer without a vacation, had worked very hard, and in the autumn felt that he required a rest or a change. His nerves were on edge.

He concluded to go to a New England village where there was a good library. In the morning he walked, in the afternoon he read in the library and at 9 o'clock in the evening went to bed.

One crisp November morning while walking along a country road he saw an auto coming. Its motion varied between five and twenty-five miles an hour, and its direction was wobbly. "That chauffeur," remarked Huntley, "doesn't know his business. Reckon he's never handled an auto before." When the machine came near enough for him to see it plainly the chauffeur was seen to be a young woman. To Huntley she appeared to be about sixteen years old. She stopped in the middle of the road and said:

"Do you know anything about auto mobiles, sir?"

"Certainly. What can I do for you?" "Why, I've come out without much experience and have been getting rattled ever since I started. I have undertaken to go from one place to another, twenty miles apart, have got midway between the two, and if I continue to manage as badly as I have I shall get killed before reaching my destination. Besides, I think there is something the matter with the machine."

Huntley looked the auto over, and while he was doing so the girl alighted and joined him on the road. When he turned from the machinery and looked at her he saw one arrayed in the costume of the period. In other words, she wore a hat shaped like a coal scuttle, a coat—she had left her fur coat in the auto—like a pair of beetle's wings, while her skirt about her ankles would have fitted about her neck. Huntley had seen hundreds of girls on the street in the city from fourteen to eighteen dressed exactly in that fashion.

"Your machine seems to be all right," he said. "If you will permit me I will get in with you and be your chauffeur for awhile. Then I can tell better if there is anything the matter with it."

The young lady was only too glad to have him take the responsibility off her shoulders. So Huntley stepped into the auto and chug-chugged away down the road. The girl hoped she wasn't taking him out of his way, to which he replied that all ways were his, since he was an idler. Then he began to chat with her, remarking that she should learn to run her auto, for she would find it very convenient. Among the uses to which it might be put was going to school. To this the young lady remarked that she would find it convenient indeed, especially since her books were heavy to carry. Huntley asked her what grade she had reached in school, and she said, "Next year I'm going to be advanced to the high school."

Though she said this with some pride, Huntley didn't consider that she had cause to be proud, for he thought her old enough to be in the high school already. However, he was more entertained with her prattle than he would have been with that of a woman near his own age. Indeed, he was so pleased with the little misadventure that he drove her to her destination. When he left her and she expressed her obligation to him he said the obligation was his—that he found himself much refreshed with the innocent chat of a schoolgirl and wished he might repeat the ride. She seemed much gratified with this and said that when he came to the town where she lived she would be pleased to have him drop in and see her mother.

Huntley, having obliged himself to trudge back ten miles for the pleasure he had enjoyed, was not likely to remain away from the person whose childish chat had so amused him. At any rate, to get away with an evening—the evenings being the hardest part of the day to get over—one night when the moon was shining brightly through the crisp autumn air, he started to walk to the girl's home to call on her mother. She had given him her name, but he was not sure of her address, so on reaching the town he was aiming for the drop in at a bookstore to inquire.

"Do you know Mrs. Beckwith?" he asked the proprietor.

"Certainly. I have just taken an order for books for the next year in the high school of which she is to be principal."

Now, if Huntley hadn't remembered about the girl's being promoted next year the suspicion that came upon him suddenly wouldn't have been excited. "Isn't she rather young," he asked "to be principal of a high school?"

The man smiled. "She could easily pass for one of her pupils," he said. "She's twenty-six and looks sixteen. She was graduated from college six years ago and took every honor. She is considered an intellectual wonder." Huntley took the lady's address and made his call. Miss Beckwith herself came down to receive him. Her skirt was not so short as the one she had worn when he first met her, and she did not look so juvenile.

"I have accepted your invitation," said Huntley, "to call on your mother." "Mother is indisposed this evening," said the principal of the high school with a twinkle in her eye. "I fear you will have to be content with me."

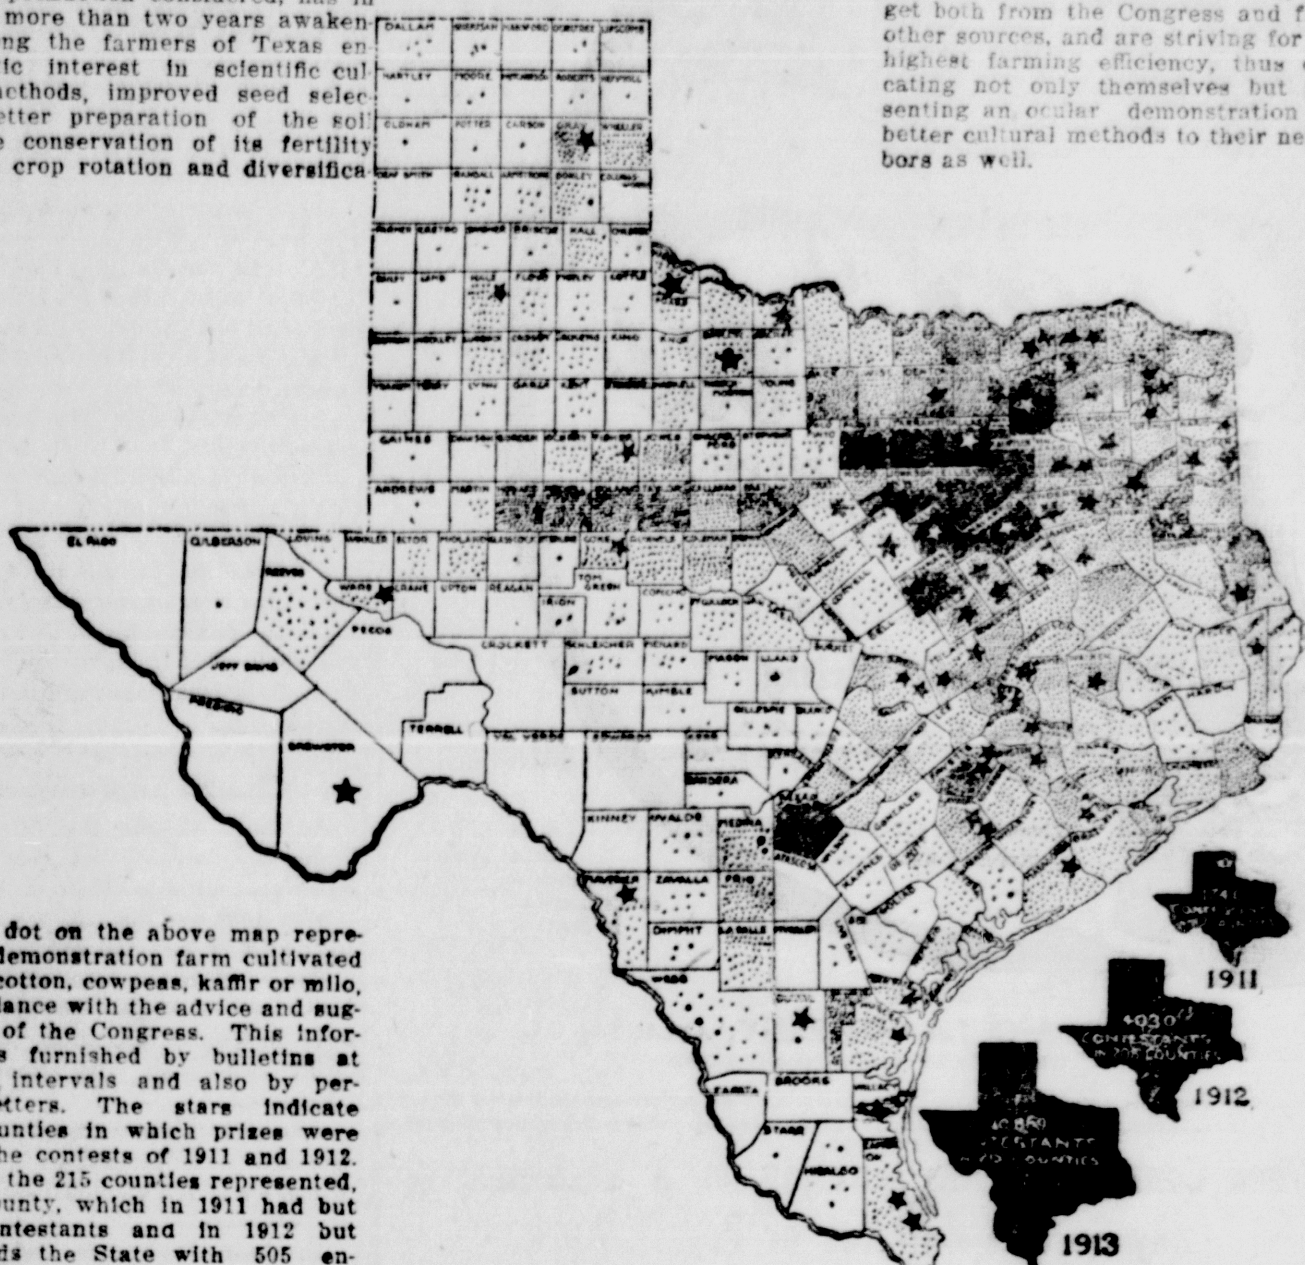

## 11,000 Demonstration Farms in 215 Counties In Texas Industrial Congress Contest

From 1,746 students of better farming in 161 counties of the State in 1911, the Texas Industrial Congress has steadily increased this number to 10,869 in 215 counties in 1913.

Unique among associations for agricultural development, the Congress, by offering \$10,000 in gold annually for the best yields of specific crops, cost of production considered, has in a little more than two years awakened among the farmers of Texas an enthusiastic interest in scientific cultural methods, improved seed selection, better preparation of the soil and the conservation of its fertility through crop rotation and diversification.

While this remarkable growth has been the result primarily of the stimulus caused by the prize offer, this inducement to use brains as well as brawn in crop production, is recognized by thinking men as but an incident for the purpose of accomplishing the real object of the Congress, which is to lower the cost of production.

while at the same time increasing the acreage yield, hence its slogan, "Smaller farms, better farming." The enrollment of nearly 11,000 contestants in this year's competition means that many demonstration farms in as many neighborhoods, intensively cultivated by 11,000 farmers who are seeking the best information they can get both from the Congress and from other sources, and are striving for the highest farming efficiency, thus educating not only themselves but presenting an ocular demonstration of better cultural methods to their neighbors as well.

Every dot on the above map represents a demonstration farm cultivated in corn, cotton, cowpeas, kafir or milo, in accordance with the advice and suggestions of the Congress. This information is furnished by bulletins at frequent intervals and also by personal letters. The stars indicate those counties in which prizes were won in the contests of 1911 and 1912.

Among the 215 counties represented, Bexar County, which in 1911 had but seven contestants and in 1912 but nine, leads the State with 505 entries. Ellis County is second, having 281 contestants; Hunt County, with 239, is third and Kaufman, Cooke, Navarro, Tarrant, Dallas, Rockwall, Hill and Rusk Counties rank next in the order named.

The counties represented in this year's contest and the number of entries in each are as follows:

Anderson, 69; Andrews, 1; Angellina, 17; Archer, 3; Armstrong, 7; Austin, 23; Bailey, 1; Bandera, 1; Bastrop, 19; Baylor, 33; Bee, 8; Bell, 28; Bexar, 505; Blanco, 2; Borden, 2; Boque, 21; Bowie, 87; Brazoria, 51; Brazos, 24; Briscoe, 2; Brown, 29; Burleson, 40; Caldwell, 37; Calhoun, 5; Callahan, 50; Cameron, 41; Camp 19; Carson, 1; Cass, 73; Castro, 1; Chambers, 26; Cherokee, 80; Childress, 2; Clay, 50; Coke, 17; Coleman, 69; Collin, 172; Collingsworth, 6; Colorado, 37; Comal, 43; Comanche, 89; Concho, 5; Cooke, 318; Coryell, 15; Cottle, 2; Crosby, 10; Culberson, 1; Dallam, 7; Dallas, 252; Dawson, 6; Delta, 27; Denton, 164; DeWitt, 14; Dickens, 12; Dimmitt, 2; Donley, 28; Duval, 2; Eastland, 158; Ector, 12; Menard, 4; Midland, 22; Milam, 80;

## An Immense New Industrial Plant For Chicago

When completed, the new plant of the Calumet Baking Powder Company, now under course of construction, at South 41st Avenue and Fillmore Street, will prove a fitting monument to the ability, honesty and progressiveness which have rendered possible the tremendous growth of one of Chicago's most prominent industrial institutions.

This immense plant, the estimated cost of which is \$250,000, is a strictly modern five story and basement, fire proof, reinforced concrete building. Size, 260 ft. x 100 ft. One of the novel and interesting features of this, the largest and most efficiently equipped Baking Powder plant in existence will be a cantilever shipping

platform projecting over to a switch track on a level with the second floor.

Automatic machinery, modern appliances and passenger and freight elevators of the latest type will be installed and employed in manufacturing and handling the company's product.

Plans which make possible a maximum amount of glass area and the highest degree of sanitation have been carefully and scientifically prepared. Spacious and splendidly appointed rest rooms are provided for employees.

One entire floor will be devoted to laboratory and research equipment. The installation of a modern bakery for experimental purposes insures the maintenance

of the high standard of excellence for which Calumet Baking Powder is famed.

The Calumet Baking Powder Company was organized a quarter of a century ago by Mr. Wm. M. Wright. The company first began the manufacture of baking powder in a comparatively small way, with limited capital. Modern methods combined with high grade materials and an unwavering determination to produce an article of superior quality have created a demand which necessitated the erection of the new Calumet plant—have made the Calumet Company a substantial factor in the industrial life of Chicago, and won for it a patronage which is a benefit and a credit to the city.

### Safety in Friendship.

An intimate friendship is at once a safeguard in recreation and social enjoyment, for a man thinks twice before he plunges into surroundings which he knows his best friend would condemn. It is a stimulus, because in work or business, or even play, a man does not willingly lag while the friend is forging ahead in common endeavors for religious or social or personal advancement. A powerful inducement to a powerful industry is a powerful inducement to a powerful industry.

### What the Eyebrows Tell Us.

There is more character in the eyebrows than one would suppose. If they are very much arched, they denote a weak, changeable nature. Eyebrows that meet signify bad temper and a jealous disposition; but, if there is a good wide space between them, their owner is probably very unselfish and good tempered. If they are darker than the hair, their owner will be passionate but inconsistent in love; if lighter, they reveal a weak disposition.

### Could Folly Go Further?

A very small dog created a great stir in the streets of Paris a few days ago. A blue pet dog was seen in the Champs Elysees with a lady. It was wearing indiarubber boots laced high up the leg, ear protectors, goggles to shield his eyes from cold or mud, and a raglan overcoat lined with thick flannel and provided with a pocket from which projected a tiny handkerchief with a monogram.

We never knew a man to dodge greatness when it was thrust in his direction.

### WHY NOT GET A GUARANTEE?

Every Article of Merit that is Sold  
These Days is Guaranteed—No  
Guarantee Often Means  
Poor Quality

There is very little excuse for any  
person to claim that he has been  
"stung" on a purchase. Fifty years  
ago the buyer had to look out, but to-  
day it is unusual to find a merchant  
who will not return the money for any  
article that has proven unsatisfactory.

An excellent example of this kind of  
fair dealing is shown by the clean-cut  
guarantee that W. H. Windrow gives  
on Dodson's Liver Tonic.

These people tell us that any person  
who pays 50c. for a bottle of Dodson's  
Liver Tonic and does not find it a gen-  
tle and most pleasant liver tonic,  
harmless, but a sure reliever of con-  
stipation and a perfect substitute for  
calomel, can get his money back just  
as quick as they can get it out of the  
money drawer.

Dodson's Liver Tonic has practically  
taken the place of calomel. It is ab-  
solutely harmless, sure in its ac-  
tion and causes no restriction of habit or  
diet. No wonder the drug people are  
glad to guarantee it, while other  
remedies that imitate the claims of  
Dodson's Liver Tonic are not guaran-  
teed at all.

### Church Improvements.

As most of the people in Hondo  
know, the chapel of the Mexican Pres-  
byterian church has been moved from  
the lot next to Chas. Metzger's place  
to the lower Mexican neighborhood.

The building has been ceiled on the  
inside and a slightly tower has been  
built in front. Excepting a coat of  
paint throughout, the chapel is now  
completed.

Special services were held at the new  
location last Saturday and Sunday  
which were well attended by members  
and friends.

In making this move and these im-  
provements the church incurred a debt  
of \$100. I have raised \$20 from friends  
in Hondo and the members will give a  
like amount, leaving still \$60 to raise.  
We will be grateful for any contribu-  
tions from our friends, which can be  
handed to Rev. C. C. Acevedo or to  
King & Hudspeh.

The church now has some sixty mem-  
bers and with a finished chapel in a  
better locality expects to grow rapidly.  
They should be helped and encouraged.

We thank the friends who have al-  
ready contributed.

WALTER S. SCOTT.

### Says Corn is Tasseling

"Corn tasseling out and the cotton  
fields green at home, make up a very  
different scene from what I find up  
here in this country," stated A. B.  
Colbath of Lacoste, Texas, when he  
reached the quarantine yards this morn-  
ing with 125 head of steers. Mr. Col-  
bath is an employee on the W. B. Kerr  
ranch of Medina county, to whom these  
cattle belong.

"I was on the road four days and  
that many nights in making this trip,"  
added Mr. Colbath. "And in making  
that long run, I had an opportunity of  
seeing a whole lot of country. Gradu-  
ally, as I came north the corn appear-  
ed smaller, until I reached a point  
where some were still planting."

"We have had an unusually good  
season, with plenty of rain, so our  
corn has made a fast growth and it is  
now tasseling. Grass is also good  
and cattle are doing well."—Kansas  
City Drivers Telegram.
